Personal Statement

- Aspiring, dedicated and resourceful individual with passion and determination of working in private and government organisations. An individual capable of quickly mastering new skills and communicating a variety of information to diverse audiences who is eager to learn.

Core Career Interest

- Software Development
- Blockchain Technology
- User Experience Design
- Web Development
- Digital Forensics
- Network Security
- Malware Analysis

Skills

- Systems Utilization and Technology Skill: Proficient use of version control software like Git and is capable of programming in C# , Java and Python.
- Web Framework Comprehension: Proficient use of web frameworks like Spring Boot, ASP.net and Flask.
- Strong understanding of database technologies such as SQL (MySQL, Post egress) and NoSQL (MongoDB)
- Proficient in network security protocols and technologies, including firewalls, intrusion detection systems, and VPNs.
- Knowledgeable in cryptography algorithms and their applications.
- Understanding of risk management principles and methodologies.
- Strong problem-solving and analytical skills.
- Excellent written and verbal communication skills.
- Strong knowledge of cloud computing concepts, such as Infrastructure as a Service (IaS), containerization, and serverless computing.
- Detail-oriented with a strong commitment to maintaining the confidentiality and integrity of information systems.

Education

- **Harare Institute of Technology** 2023
Bachelor of Technology Honors degree in Information Security and Assurance
- **Kwekwe High School** 2018
ZIMSEC A Level
12 points
- **Kwekwe High School** 2016
ZIMSEC Of Level
9 As, 1 B

Experience

- **CICOSY PVT LTD** December 2021 - July 2022
Software Developer Intern
 - Built responsive websites using HTML, CSS, JavaScript and Angular.
 - Implemented user authentication and authorization using JSON web tokens
 - Participated in code reviews and contributed to the development of software applications
 - Collaborated with team members to design and implement new features
 - Troubleshoot and debug software issues
 - Participated in agile development methodologies, including Sprint planning and retrospectives
 - Attended team meetings and provided updates on project progress and status
